Art and craft

How to Make a Spoon Puppet

What you need:

1. Paper (Coloured or white for colouring in)
2. Templates for Clothes
3. Wooden spoons
4. Pipe cleaners
5. Crepe paper
6. Stickers (for eyes and decorating)
7. Decorative bits and bobs—for example stickers, pompoms, sequins and tissue or crepe paper.

Tools:

- Scissors
- Glue sticks
- Sticky tape
- Felt pens

Art and craft

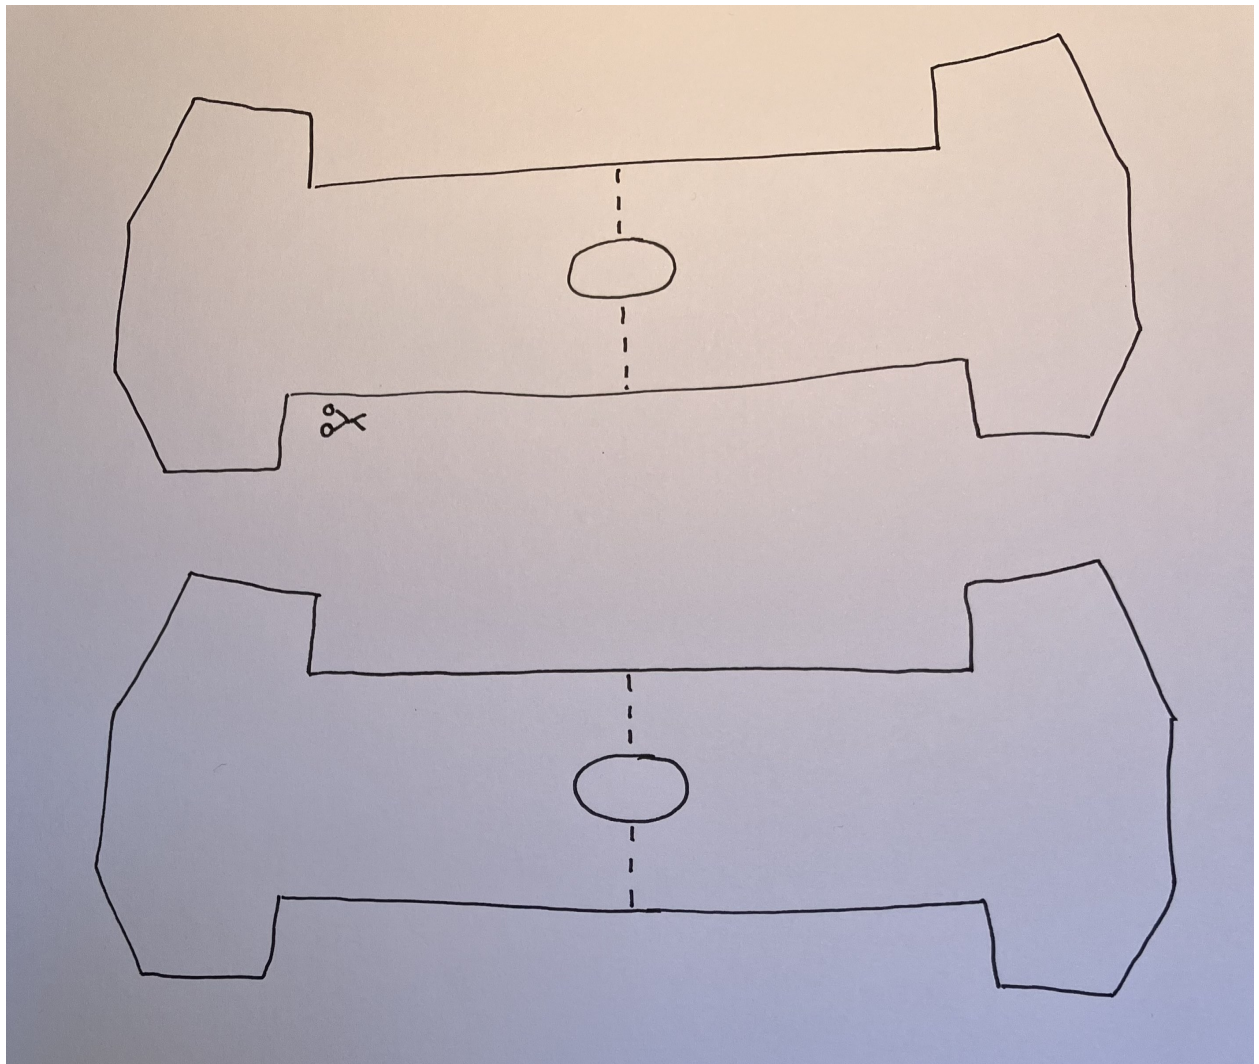

How to Make a Spoon Puppet

1. Colour in and cut out the template for the clothes. Make sure you don't cut along the folded end.
2. Wrap a pipe cleaner around the 'neck' of the spoon to make arms.
3. Cover the handle of the spoon with glue and stick the clothes on.
4. Secure with some sticky tape over the shoulders if needed.
5. Use crepe paper to make hair (you could also add a hat if your character needs one)
6. Draw a face on your puppet using felt tip pens (you could also use stickers).
7. Decorate your puppet using pens, stickers, pompoms, sequins and tissue or crepe paper. You could also make shoes, legs or hands using paper.

Template for spoon puppet clothes

Art and Craft

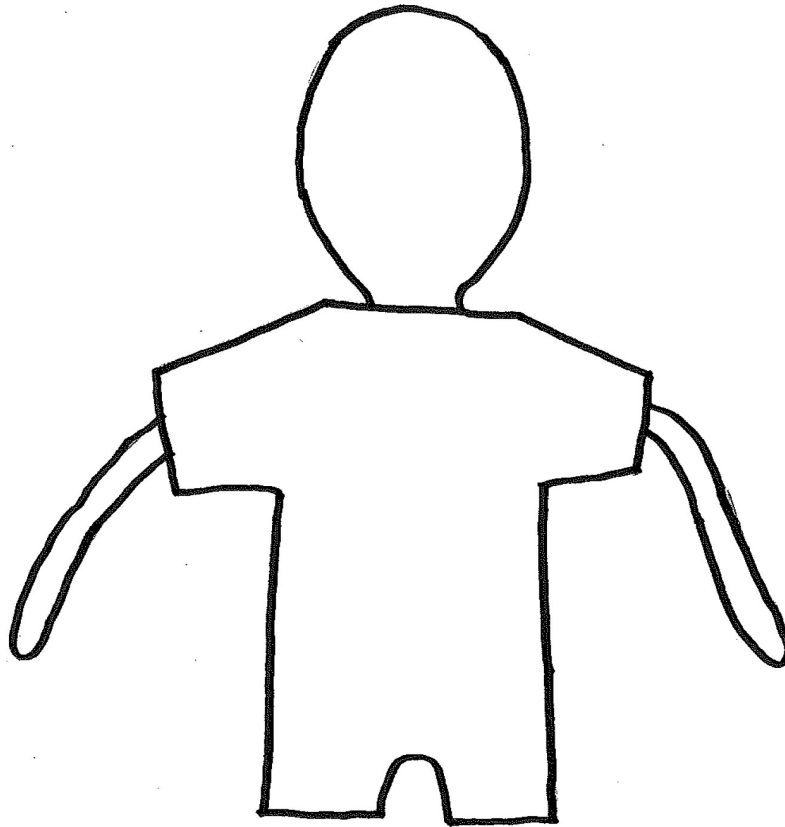

Decorate your clothes design.

Cut out the shape, folding in the middle as shown.

Cut out the hole for the spoon to be inserted into.

Spoon Puppet Design Sheet

My Name: _____

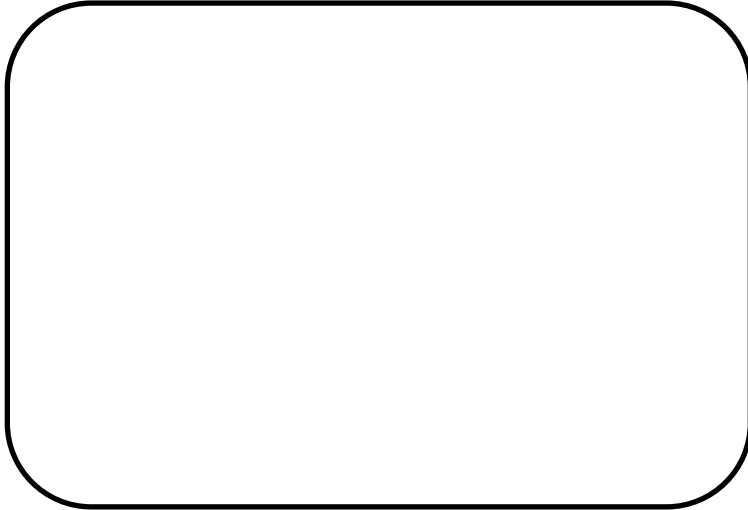

Name and information about character:

Materials I will use:

Puppet Evaluation Sheet (KS1)

Draw a picture of your finished puppet:

What are the best things about your puppet?

Did anything go wrong with your puppet when you used it?

What would you change if you made another puppet?

Puppet Evaluation Sheet (KS2)

Look at your original design of your puppet. Answer these questions on a sheet of paper:

- ◆ Did you change anything when you made your puppet? Why?
- ◆ What was the hardest part of making your puppet? Why? How do you think it could have been easier?
- ◆ What are the best things about the way your puppet looks? What would you change?
- ◆ What are the best things about the way your puppet moves? What would you change?
- ◆ Did anything go wrong with your puppet when you used it? How could you stop this happening next time?
- ◆ What comments have other people made about your puppet and do you agree?
- ◆ What are the best things about your puppet?
- ◆ Did anything go wrong with your puppet when you used it?
- ◆ What would you change if you made another puppet?
